PERFORMANCE FACTORY

Brand Guidelines

WHAT WE DO

Experienced Coaches. Advanced Technology.

Driven by results and powered by technology, our experienced coaches give you the tools and the guidance you need to succeed in your sport. We specialize in both individualized and small group classes, tailored to each athlete’s specific needs.

OUR LOGO

Our logo is sharp, simple, and sleek. The arrows pointing to the path forward speak to our dedication to drive athletes to success.

LOGO VARIATIONS

**PERFORMANCE
FACTORY**

Primary

The primary logo should be prioritized in usage, so our brand may be easily identified and recognized.

Icon

Our icon is to be used as a supportive element in merchandise, social media, and web. Can also be used in place of the primary logo.

LOGO USAGE

Logo Safe Zone

The safe zone around the logo is the space in which no text or other graphic elements can be placed. This prevents other elements from taking away from or otherwise causing the logo to be illegible. Use the PERFORMANCE text as a reference for width of the safe zone on each side.

Logo Misuse

Modifying the logo will disrupt the representation of our brand and recognizability.

- Do not distort the logo
- Do not change the logo colors (see page x)
- Do not apply effects such as blurs or drop shadows
- Do not reduce opacity on the logo

- » Velocity
- » Mechanics
- » Game Readiness

Arrows

The arrows are a primary brand element. They should not be distorted in width nor height, but can be rotated, resized, or stacked for effects.

Impact Lightning

An illustrative element to be used sparingly, primarily on icons and in animations. These effect lines are created by making vector lines along the line of action with highly varied line width and sharp points.

BASEBALL

FOOTBALL

REMOTE

STRENGTH

AGILITY

Icons

Icons used to highlight our areas of expertise, mostly as supplement with further explanation of our services, courses, or events.

SOCIAL MEDIA

Utilizing Instagram Stories

Instagram stories are an excellent platform to post quick, day-to-day shots. You can also post event and deadline reminders, and community involvement pictures.

Instagram stories to the official Performance Factory account should:

- Not use special effects on text
- Consistently use the “strong” text option in the colors listed
- Use clear, intentional photographs (no blur, with a clean lens, no thumb in frame, etc.)
